Web Technology
- HTML
- CSS
- JAVA SCRIPT

SOFT SKILLS
- Time Management
- Team Work
- Leadership
- Adaptability

PROJECTS

A Deep Learning-Based Stream Cipher Generator for Medical Image Encryption and Decryption
- *Medical image encryption is crucial for protecting sensitive patient information.* • *The proposed DES can generate the private key with higher security by comparing it with existing private key generation algorithms.* • *Only with the correct secret key can one recover the original image from the cipher-image.*

CERTIFICATES

VEDIC MATHS
- I won gold medal in Vedic Math competition at State level.

TYPEWRITING
- I completed my Typewriting certificate in both the higher and lower levels, and I got a certificate.

LANGUAGES

Tamil   English
